

Installation Instructions

**Installation**

1. Assemble Coke adaptor kit to top of dispenser.
2. Install Harmony top (Follett #01054550) via 1/4-20 hardware and keeper plates provided through the back slots of the coke adaptor plate.
3. Assemble ice hose gasket and ice deflector bracket to the underside of the top via #10 hardware provided. Orient to direct ice towards the largest back side corner. Use Blue Locktite to secure the hardware.
4. Place Maestro ice machine onto top by aligning the ice transport tube opening over the hole in the top. (Refer to Top Mount Maestro installation manual.)
5. Run thermostat wire to grommet location on ice deflector bracket. Refer to the Top Mount Maestro Installation Manual.
6. Make utility connections per local codes.
7. **AGITATION SETTING ADJUSTMENT:** Follett and Coca-Cola have determined that the agitation setting must be adjusted to ensure proper performance - Agitation Setting: 1 second agitation every hour. Please contact your Coca-Cola representative to have the agitation setting adjusted.
