

Long-life design

Horizon Elite™ Series

Only Horizon Elite ice machines deliver

No bearing failures

- High performance heat-treated journals and bushings eliminate the need for failure-prone bearings
- Innovative design avoids costly annual bearing inspections or replacement
- Side mounted evaporator eliminates the risk of water damage to gearmotor

Reduced ice making loads

- Single compression point lowers ice loads
- Ice is higher quality and more dispensible

Jacketed evaporator

- Reduces loads by providing intimate contact of refrigerant and evaporator throughout the lifetime of the machine
- Prevents gaps that destroy tubing bonds in conventional nugget machines
