

# Proper sizing reduces total costs

## Ice storage bin Series

### Spend 20% less with proper sizing

- Ice storage capacity is a fraction of the cost of ice making capacity
- Size your bin for your busiest day and your ice machine for your average day

### Use the saving to upgrade

- Upgrade to a gravity dispensing bin that eliminates scooping
- Gravity dispense bins are up to 10X faster to use, safer and more sanitary

### Ice storage costs less than ice production!

Save up to 20% or upgrade the upright bin to a gravity dispense bin and still save money

\$8,900	\$7,300	\$8,500
1400 lb per day ice machine	700 lb per day ice machine	700 lb per day ice machine
